Vote By Mail Ballots

VOTING BY VOTE BY MAIL BALLOT

To have a vote by mail ballot mailed to an address other than an address on file, we must receive a written request with your signature.

Any registered voter may vote by mail. A ballot may be requested for a specific election or for all elections through the end of the calendar year of the second regularly scheduled general election. The request can be made in person, by mail or by telephone. Only the voter or a designated member of his or her immediate family or legal guardian can request a ballot for the voter. Immediate family means the voter's spouse or the parent, child, grandparent, or sibling of the voter or of the voter's spouse.

Vote By Mail Ballots are NOT FORWARDABLE!

The person requesting a ballot must disclose:

- The name of the voter for whom the ballot is requested
- The voter's address
- The voter's date of birth
- The voter's signature (written requests only)

If the voter has designated an immediate family member or legal guardian to request a ballot for him or her, that designee must provide the above information in addition to the following:

- The requester's name
- The requester's address
- The requester's drivers license number, if available
- The requester's relationship to the voter
- The requester's signature (written requests only)

When requested ballots are mailed: **UOCAVA** - No later than 45 days before each election. **Everyone Else** - between 28 to 35 days before each election.
After the above mailings - vote by mail ballots are processed daily.

DELIVERY TO A DESIGNEE

A qualified voter may designate in writing another person to pick up a ballot for the voter. Carry-out ballots are available to a designee five (5) days prior to the day of the election. The designee may only pick up two (2) ballots per election other than his or her own ballot or ballots for members of his or her immediate family. The designee must have written authorization from the voter, present a picture identification and sign an affidavit.

Vote by mail ballots cannot be picked up on **Election Day** unless there is an emergency -to the extent that the voter will be unable to go to his/her polling place.

VOTING & RETURNING YOUR VOTE BY MAIL BALLOT

The voter must personally vote the ballot (unless assistance is required due to a disability) **and** sign the return envelope. Vote by mail ballots must be returned by mail or hand-delivered so that they reach the Bushnell elections office by **7:00 PM on the day of the election**.

Voting System in Sumter County

Sumter County voters will be issued a paper ballot and will use a pen to color in the ovals when selecting their choice of candidates and/or issue(s). [example 1 - page 11] Once the voter has completed their ballot, they will insert the completed ballot into the DS-200 Ballot Scanner. [example 2 - page 11]

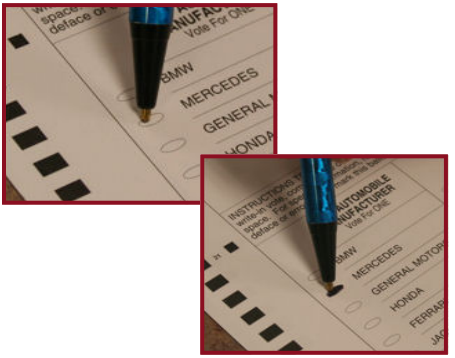

VOTING PROCESS

1. Once you have gone through the initial process of showing your identification to the Inspector and you have been given your ballot inside a secrecy folder:

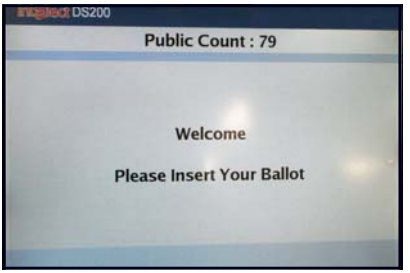

- You will use a pen to color in the ovals when selecting your choice of candidates and/or issue(s)
- Once you are finished filling in the ovals, place the ballot inside the secrecy sleeve and take the ballot to the DS-200 Scanner
- Screen should have a "Welcome" message
- Voter gently inserts only the **ballot** under black flap where arrow is on unit's guide until machine grabs it through the scanner

F.S. 101.5608: *Any voter who spoils his or her ballot or makes an error may return the ballot to the election official and secure another ballot, except that in no case shall a voter be furnished more than three ballots*

Example 1

Example 2

OVERVOTES ON THE BALLOT

If you choose more than what is allowed in one or more races, the machine will alert you.

If you press CORRECT YOUR BALLOT the ballot will be returned and a poll worker will issue you another ballot to complete. ***Note: You can not have the same one back***

If you press CAST YOUR BALLOT WITH ERRORS, the ballot will be cast and the contest(s) with too many votes will not be counted.

UNDERVOTES ON THE BALLOT

The DS-200 will alert you if you undervote (blank ballot). You can either press **ACCEPT** or **RETURN**.

If you PRESS ACCEPT, the ballot will be processed.

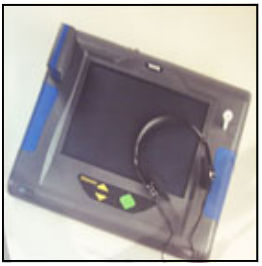

If you PRESS RETURN, the ballot will be returned to the voter for completion. After choices have been made on the ballot, the voter will insert the ballot into the DS-200.

After the DS-200 has accepted your ballot, a poll worker will give you a sticker that indicates you have voted.

ELECTRONIC BALLOTS

Since July 2005, in compliance with the Federal Help America Vote Act, Sumter County has had one touch screen unit with audio capability per precinct to allow voters with disabilities to vote in private and without assistance.

These machines do not use paper ballots, but instead allow the voter to make their choices using buttons on the platform. The disabled voter can use headphones to hear the ballot being read to him/her and uses buttons to make his/her choices.

Registering To Vote - Things to Remember

WHEN TO REGISTER / BOOK CLOSING INFORMATION

You can apply to register to vote at any time. However, registration books close 29 days before each election. You must be registered for at least 29 days before you can vote in an election. **If you mail your registration application, the date your application is postmarked will be your registration date**. If your application is complete and you are a qualified voter, a voter information card will be mailed to you.

Your Sumter County voter registration will permit you to vote in national, state, county and municipal elections, if you live in a municipality.

PARTY AFFILIATION (Florida is a Closed-Primary State)

You may register in any political party of your choice or register with no party affiliation. However, only party members may vote in their party's primary.

EXCEPTION: If all candidates for an office have the same party affiliation and the winner will have no opposition in the general election, then all qualified voters, regardless of party affiliation, may vote in the primary election for that office.

Nonpartisan judicial, school board offices and special districts are included in a primary election. All registered voters are entitled to vote on these nonpartisan offices.

At general elections, all voters regardless of their party affiliation can vote in the general election.

WHEN YOU MOVE …

If you move your residence outside your assigned precinct, you must vote in the precinct to which you have moved. If you move, you **must** notify the supervisor of elections.

You cannot vote in any precinct other than the one in which you live and are registered. However, if you are temporarily living outside your home county, you can apply to be registered and vote in the precinct that contains the main office of the supervisor of elections. These voters will not be registered to vote in municipal elections. If you move to another county in Florida, you must vote in your new county.

WHEN YOU CHANGE YOUR NAME …

If you change your name by marriage or other legal process, you must provide notice of such change to the voter registration official using a voter registration application signed by the voter. If you have not provided this information prior to going to vote, you must update this information prior to voting.

WHEN YOUR SIGNATURE HAS CHANGED …

Updating your signature with the supervisor of elections office is very important. Vote by mails and petitions are verified by the voter's signature in our data base. If the voter's signature has changed either from age or health, and our office hasn't received an update on the signature, it could mean that your vote by mail ballot won't be counted or signed petition verified. Don't leave it up to the canvassing board to determine if your vote should count. Updating your signature is easy. Use a voter registration application and mail it in or hand-deliver to one of our offices today.
