- **A computer equipped with:**
 - An Internet connection.
 - A web browser configured to accept cookies and with pop-up blockers disabled. In this document, the examples shown use Internet Explorer.
 - Adobe® Acrobat® Reader, which you will need to view and print your reports. If you don't have the Reader software on your computer, you can download it free of charge from: www.adobe.com
- **ID and password**
 - This will be provided to you by the elections office after necessary forms have been filed and clocked in.
 - Candidates need a new ID each time they run for office, even when they are running for reelection to the same office.

The password can be changed after you log in, if you wish.

- **PINs for submitted report**

Sumter County requires electronic submission of financial reports.

 - Two 4-digit PINs will be provided to you by the elections office.

Once a report is accepted by the Supervisor of Elections, it will appear on the elections website and can be viewed by the public. Along with the financial reports, you have the option of providing a short description (or "bio") of the candidate/committee and a photograph.

Here's an example of a quarterly report:

First, there's a summary page

[illegible]

Then, an itemized list of contributions

Next, a list of expenditures

How do I start?

Log into the Campaign Financial Reporting system like this:

Type this web address into your browser: www.sumterelections.org

Press the Enter key on your keyboard or click the “go” icon in your web browser. You’ll then see the Candidate Log In page:

By the way...you can change your password once you get on the system. We'll explain how to do this on page 37.

- 2 Click .

What you see when you log in.

This is the main page of the Campaign Financial Reporting System. It shows the reporting periods for the campaign. We call this page the *Report List*.

About Petty Cash

In *Expenditure Type*, notice that there are two types for petty cash:

- Use *Petty Cash Withdrawn* when withdrawing funds from the campaign account for petty cash. This will add an expenditure of the entered amount to your report.
- Use *Petty Cash Spent* to record an expense out of petty cash.

***Petty Cash Spent* does not add an expenditure to the report because the expenditure was already recorded as *Petty Cash Withdrawn*.**

It's important to keep accurate petty-cash records so your final report will balance.

When you've completed the form, click **Submit**.

After the expenditure is saved, you'll get another blank form where you can add the next expenditure.

Click **Cancel** when you've saved the last expenditure you want to add right now.

Expenditure type

should be one of these:

Monetary	General expenditure type used when a specific type does not apply.
Petty Cash Withdrawn	Petty cash withdrawn during a reporting period. Petty cash expenditures are realized when the funds are withdrawn for petty cash. Therefore, the referenced item is not included in the total.
Petty Cash Spent	Petty cash spent during a reporting period. Expenditures made from petty cash are not required to be reported individually.
Refund	A refund of money from a vendor or other source. Refunds must be entered as a negative amount. TERMINATION REPORT NOTE: If you get a refund (i.e.; bond for signs), you will enter the amount as a negative in the expenditures". (example: -100.00) <i>per Kristi Bronson - DOE</i>
Transfer to Office Account	Funds transferred to an office account when the candidate has been elected.
Disposition of Funds	Pro-rata refunds to contributors, donations to charitable organizations, donations to the State general revenue fund, or the return of matching funds to the State. Disposition of Funds expenditures are for use by candidates only and are only used on Termination Reports. They are not part of the Monthly Total Monetary amounts.
Disposition of Funds to Political Party	Funds given to the political party that the candidate is a member of. Disposition of Funds expenditures are for use by candidates only and are only used on Termination Reports. They are not part of the Monthly Total Monetary amounts.
Disposition of Funds to Petition Verification	Funds transferred to pay for previously unpaid petition verification fees. Disposition of Funds expenditures are for use by candidates only and are only used on Termination Reports. They are not part of the Monthly Total Monetary amounts.

Want to see how the report is adding up? Just do a preview.

Previewing of reports isn't required. But it's a good idea to preview the report before you submit it, to catch any data entry errors, missing transactions, or other anomalies.

You can preview a report as many times as you like, make changes, and preview it again until you are confident it is correct and complete. Then you can submit the finished report to the Supervisor. Once a report has been submitted, it cannot be changed, so you want to be sure you preview each report carefully.

Previewing a report DOES NOT submit the report to the Supervisor.

To preview your report so far:

NOTE: This is NOT your OFFICIAL report -- it is a PREVIEW ONLY.

How do I import data from my campaign application?

Candidates or committees using campaign finance reporting software such as Campaign ToolBox™ can import contribution, expenditure, distribution, and fund-transfer data from a file created by the application directly into the Campaign Financial Reporting system.

When you import data from a file, the transactions are added to the report you are working in. Be sure to review the report prior to submission to verify the data matches what you intended to import, and make any adjustments manually.

Don't worry if you happen to import the same file more than once. The system will import only the transactions it doesn't already have. It won't duplicate existing transactions.

Import File Requirements

The system can import any file that meets the Division of Elections Campaign Finance Reporting File Specification:

<http://doe.dos.state.fl.us/candidate/filing-campaign-reports.shtml#fileSpec>
For a list of State-approved software vendors for electronic filing, see:

<https://doe.dos.state.fl.us/candidate/filing-campaign-reports.shtml#software>

Adds the changed item in its place.

In the example here, we changed the contribution amount from \$100.00 to \$200.00 and added the contributor's occupation, as required by law for contributions over \$100.

This completes the change to the original item. From here you can change another item, add a new item, or return to the Report List.

When will my report appear on the elections website?

That depends on your county's procedures. Most counties reserve the right to review reports before releasing them to the public. Typically, when the report status changes to **Received**, the report is available on the website, but this can vary, so check with your county to find out what you can expect.

Contributions from persons with protected-address status are not shown in reports. Instead, the notation *****Protected***** will be seen in place of the address. The Campaign Financial Reporting system scans the county's voter registration database for voters with protected addresses and automatically redacts those addresses from campaign reports, so they cannot be seen by the public or the Supervisor's staff. If you are aware of a contributor with a protected address who is not in your local county's voter database, please advise your Supervisor of Elections.

How do I save a copy of the report on my computer?

How do I export data to a spreadsheet?

The system has two ways to export your financial data to a Microsoft Excel comma-separated values (.CSV) file:

collects all data for the selected report.

collects all data from all reports in this

election.

Both options create a file named CFinExport.csv in your C:\Temp folder.

When you click either button, you'll see a message asking if you want to open or save the file. You can view the file immediately or save it to a different name and location, if you like.

The spreadsheet file contains this information:

- Date the item was recorded
- Whether it's a contribution (C) or an expenditure (E)
- Contributor or vendor name and address
- Contribution type
- Contributor's occupation
- Item type
- Description
- Amount
- Whether the item was recorded in the original report (blank) or an amendment (A)

How do I record a distribution?

Distributions are not typically used by local candidates.

What about fund transfers?

Fund transfers are typically used only by candidates for state and federal offices.

Final Report – what is it?

On the Report List, you will see a section for the termination report, which is the absolute last report that will be submitted by your campaign. This report states the financial status of your campaign after all contributions and expenditures have been reconciled. It also should also show how any surplus funds were disposed of.

The termination report might not appear in the Report List at the beginning of the campaign, but the elections office will add it to your reporting dates at the appropriate time. Note that it might not be named *Termination Report*. The elections office can give it any name, such as *2012-Final*, like the example here.

The screenshot shows a table with columns for report name, dates, and status. The row for '2010-Final (01/01/2010 - 03/31/2010) 3/31/2010' is highlighted with a red oval. To the right of the table are buttons for 'Prepare Totals', 'Submit Waiver', 'Import Entries', 'Enter Contributions', 'Enter Expenditures', 'Prepare Totals', and 'Submit Waiver'.

When it's time to file the termination report, its row will turn green.

To file this report, you will need to add any outstanding contributions and expenditures that haven't been reported in an earlier report.

If surplus funds remain in the campaign account, the termination report should include an expenditure that disposes of those excess funds. When you enter this expenditure, be sure to select **Disposition of Funds** for the Expenditure type.

The screenshot shows the 'Candidate Reporting - Main Menu' form. The 'Expenditure type' dropdown menu is open, showing options: Monetary, Monetary, Petty Cash Withdrawn, Petty Cash Spent, Transfer to Office Account, Refund, and Disposition of Funds. A red arrow points to 'Disposition of Funds'. The form also includes fields for Date, Vendor Last Name, Address, City, State, Zip, Amount, and Purpose.

To report on the disposition of surplus funds, select **Disposition of Funds** in the **Expenditure type** field.

Campaigns sometimes confuse **Disposition of Funds** and **Enter Distributions**. Remember that **Disposition of Funds** is a type of expenditure, whereas a distribution is a type of transaction referring back to a previously recorded expense.

When you return to the list of expenditures for the termination report, you will see the item listed, but the amount will not be reflected in the total expenditures for the period. Nor will the amount be included on the Report List—in the **Total Exp** column—although it will be counted as an “item.” This design is in accordance with Division of Elections requirements.

Or particular interest to Carolyn is preservation of our outstanding--and irreplaceable--natural environment. While serving as president of the Woodgate Neighborhood Association and chair of the Council of Neighborhood Associations, she worked tirelessly--and effectively--to prevent destruction of in-town neighborhoods' canopy oaks.
