The salary provisions apply to all designated officers in all counties of the state, except those officials whose salaries are not subject to being set by the Legislature due to the provisions of a county home rule charter, as well as those officials of counties that have a chartered consolidated form of government as provided in Chapter 67-1320, Laws of Florida. The current salary formula methodology specifies that the latest official population census counts for the years between decennial censuses serve as a major component of the salary computation. In addition to the population figures, the salary formula contains five other components. The **base salary**, **group rate**, and **initial factor** are currently set in law. The **annual factor** and **cumulative annual factor** components are certified annually by the Florida Department of Management Services (DMS).

**(F.S. 99.092)** Qualifying Fee is computed by multiplying 12 times the monthly salary, excluding any special qualification pay authorized by such office as of July 1 immediately preceding the first day of qualifying. The qualifying fee consist of a filing fee, which is 3% of the annual salary of the office, and an election assessment fee, which is 1% of the annual salary of the office. The amount of the party assessment fee is 2% of the annual salary. If qualifying with a Major Party the total assessed is 6% of the annual salary of that office, which includes all assessment fees. If Qualifying with No Party the total assessed is 4% of the annual salary of that office, which includes only the qualifying fee and election assessment fee. **(F.S. 99.093)** Each person seeking to qualify for nomination or election to a municipal office shall pay, at the time of qualifying for office, an election assessment. The election assessment fee is 1% of the annual salary of the office sought. If qualifying for a municipal office the total assessed is 1%. There may be a special fee included by ordinance.

**(F.S. 99.061(3))** All Special District candidates shall qualify by paying a filing fee of \$25 or qualify by the petition process pursuant to F.S. 99.095.

**(F.S. 99.095 Alternative Method 1%).** A person who seeks to qualify as a candidate for any office and who meets the petition requirements of this section is not required to pay the qualifying fee or party assessment required by this chapter. The petition requirements for all candidates have been modified to require equal to one percent of the total number of registered voters of that geographical area, as shown by the compilation by the department for the immediately preceding general election. Special District candidates shall obtain 25 signatures of voters in the area represented by the office sought. The format of the petition shall be prescribed by the division and shall be used by candidates to reproduce petitions for circulation.
