The importance of keeping your signature updated with our office.

Updating your signature with our office is very important. Absentees and petitions are verified by the voter's signature in our data base. If the voter's signature has changed either from age or health, and our office hasn't received an update on the signature, it could mean that **your** absentee or signed petition won't be counted. Don't leave it up to the canvassing board to determine if **your** vote should count or not. Updating your signature is easy. Use a voter registration application and mail it in today.
